Storage (EMPTY CONTAINER RETURNING AFTER IMPORT)	GATE IN	<ul style="list-style-type: none"> • RETURN OF EMPTIES

The above must be presented with valid MFT pass.

Distripark Import Full Containers:

MFT does not allow to change POD for import full container to Distripark (this must be discharged as POD – MAR). If container needs to be gated in to DIS for manipulation, gate pass can be printed from Web Portal and presented at DIS Security Gate after being gated out from Freeport as an Import container (subject to MFT charges being paid and release code presented).
